Introduction

Thank you for considering the Buffalo Rose for your show! The Buffalo Rose has been the pulse of Golden since 1859. Over the past three centuries, the Rose has been many things to locals and visitors alike. The Buffalo Rose is widely recognized as the oldest bar in the state of Colorado and is the state's second oldest business establishment. For the past 40 years, the Buffalo Rose has been a lively concert venue that has hosted hundreds of well-known musicians and thousands of music fans from all over the world.

In 2018, the Buffalo Rose event center was completely refurbished. Dramatic historical design elements such as steel roof trusses, classic brick walls, and original windows were restored, breathing new life into an iconic Colorado building. Facility upgrades include new flooring, bathrooms, lighting, heating and air-conditioning, decorative wood and steel finishes, updated backstage areas to compliment the fully refurbished main event space, an inspiring collection of original artwork, two beautiful bars, all new furniture, and much more.

In addition, the facility has a powerful new house audio system and a fully rebuilt stage, along with upgraded show lighting and a state-of-the-art video projection system. The Buffalo Rose event center is connected to a commercial kitchen and large bar/restaurant that were also fully refurbished in the 2018 project. It is the unique combination of the property's attractive design, compelling history alongside the substantial recent enhancements that make the Rose a truly remarkable event venue.

The venue can be configured to accommodate capacities up to 250 seated, 550 seated & standing and 600 for standing room ONLY events. The room can be set-up for either General Admission and/or Reserved seating. For photos of the venue, see: <https://buffalorosegolden.com/gallery/>

The Buffalo Rose is an independent facility open to all artists and promoters.

We look forward to hosting you soon!

Venue Location

The Buffalo Rose is located in the heart of charming downtown Golden, Colorado. Golden is at the foothills of the Rocky Mountains and only:

- 15 miles west of central Denver
- 31 miles from Denver International Airport
- 20 miles south of Boulder
- 10 minutes from Red Rocks Amphitheater

The Buffalo Rose is one of the very few mid-size live event venues in the west Denver metro area.

The Buffalo Rose Event Center

1119 Washington Ave.

Golden, Colorado

<https://maps.app.goo.gl/X2H4hYp7pvyPs6XJA>

Parking

There are two (2) public parking garages conveniently located within one (1) block of the Buffalo Rose between Jackson St. and Prospector's Alley and between 11th and 13th Streets. Use the physical address information below for GPS navigation.

Buffalo Rose

1119 Washington Ave.
Golden, CO 80401
<https://maps.app.goo.gl/X2H4hYp7pyyPs6XJA>

Public Garage 1 (North)

702 12th St.
Golden, CO 80401
<https://maps.app.goo.gl/MaUVpLjogqjQfcva7>

Public Garage 2 (South)

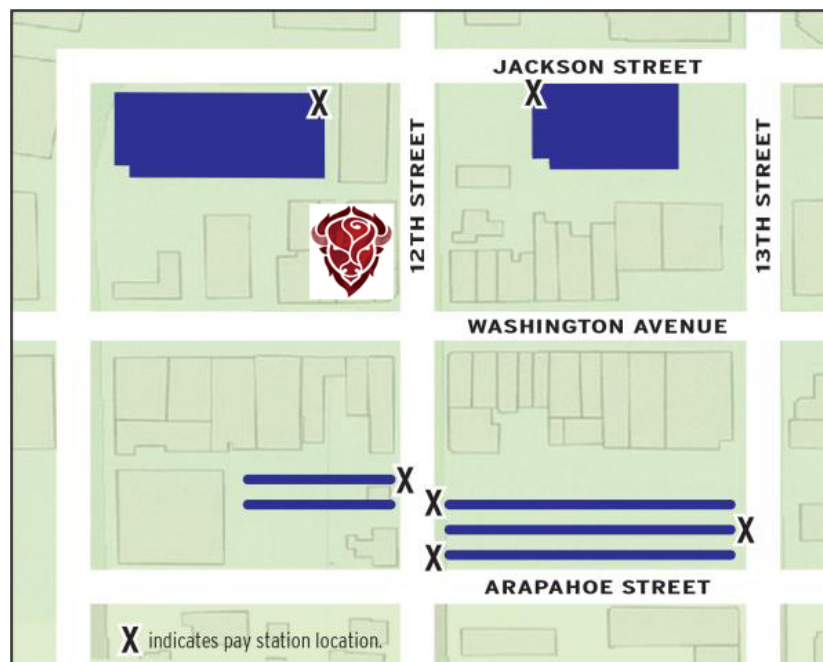

1250 Jackson St.
Golden, CO 80401
<https://maps.app.goo.gl/ZaCij2wk4h1Z8iKS7>

Public Parking Garage Regulations:

- Buffalo Rose performers can park in either public parking garage for extended periods of time. We recommend parking in the south parking garage located here: <https://maps.app.goo.gl/Fi1SvCNwgfWtyXK69>
- Parking in the public garages is free any time after 5:00pm.
- Please read and follow the posted parking signs to be sure you comply with all parking regulations and avoid receiving a parking citation.
- If you plan to stay longer than two hours between 7:00am and 5:00pm in Downtown Golden, there are the public parking garages and other parking lots located close to downtown. See Map 'N Park (<https://www.parkgoldenco.com/map-n-park>) for locations.
- The first two hours are free, each additional hour is \$2.50 to a maximum of \$10/day.
- You must register your car either at the pay stations or on-line even if you are staying less than two (2) hours.
- For more information on the City of Golden public parking, visit: <https://www.parkgoldenco.com/>

If tour bus parking is required, please advise Buffalo Rose management no less than 30 days prior to your performance date as a City of Golden Right of Way permit is required. There is bus parking available along 12th St. directly adjacent to the Buffalo Rose restaurant and less than half a block to the Buffalo Rose event venue.

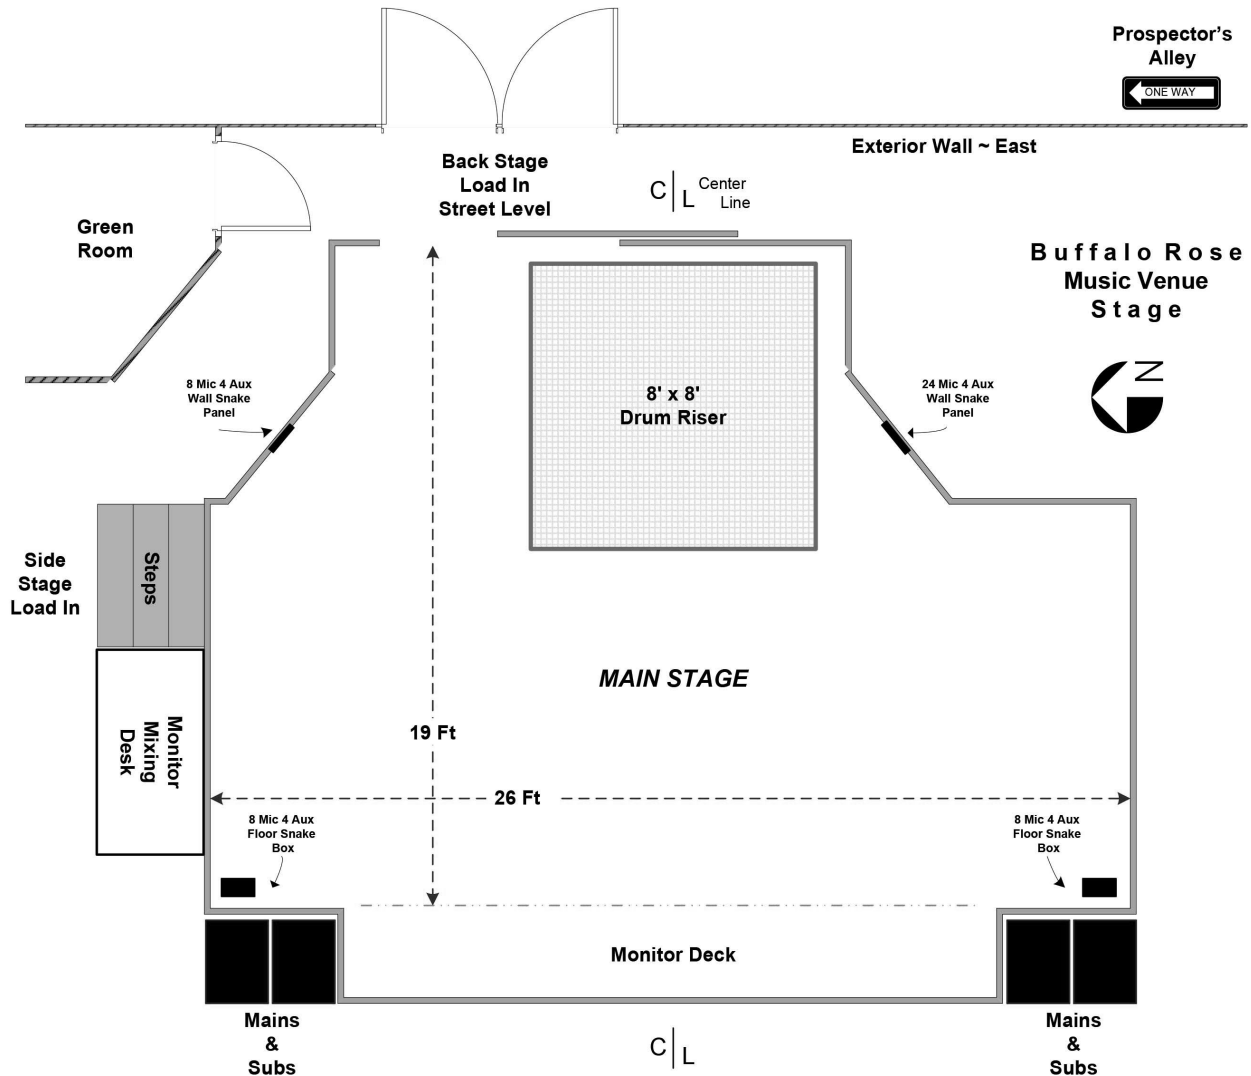

The public entrance to the Buffalo Rose event center is located on Washington Ave. near the large “Welcome to Golden” arch beneath the venue marquee. Use the downtown Golden district map below to help find the public parking options (indicated in blue), to locate the entrance to the facility.

Load-In / Load-Out

Artists load-in and load-out all equipment through the double-doors located on Prospector's Alley, the back alley directly behind the Buffalo Rose event venue. A Buffalo Rose venue manager will meet you upon arrival. There is a sliding door at the rear of the stage to deliver instruments and equipment directly to the stage or equipment can also be brought to the stage using the staircase located stage right.

Load-in and sound-check times will be coordinated with our production department in advance of your date. We ask that all performer equipment and belongings be removed from the facility within one hour of the end of the show.

The Stage

The Buffalo Rose main stage is approximately 500 square feet and elevated 32" above the main floor level. As indicated in the stage plot diagram below, the stage has 5 Mic/Line Stage Panels positioned around the stage providing a total of 48 Mic Channels & 13 Aux Monitor Sends. The stage is covered with 2mm thick Harlequin "Harley Cascade" heavy-duty vinyl stage flooring. The rear-and-side-stage walls are appointed with a heavy-weight black velour backdrop.

Facilities

The Venue

Built in 1922 and converted into an elegant indoor pool in 1928 called the “Golden Plunge”, The Buffalo Rose event center is a distinct and beloved downtown Golden property. Featuring 7500 square feet of total event space, this two-story masonry building was fully restored to its bygone-era art deco glamour during the recent facility renovation. Guests enter the building under the classic grand marquee on Washington Ave. and are immediately transported back in time to the great western American theaters of the early 20th century. Soaring ceilings, bold steel trusses, elegant custom lighting and original brick walls define the new venue. In addition, The Rose has two fully stocked bars, a concert-quality sound system, four big-screen televisions, a movie theater-quality video projection system, a full-sized dance floor and an elevated stage enabling comprehensive show production options.

The State Room

The State Room is located on the mezzanine level of the Buffalo Rose event venue directly above Washington Ave. The State Room has a private bar with its own highly curated drink program, views over Washington Ave. out to Lookout Mountain, private bathrooms, a custom fireplace, and two large TV screens for streaming the live performance from the venue stage. Guests can access The State Room through a dedicated entrance on Washington Ave. or by way of two staircases in the main venue space. The room is set-up with lounge and bar seating. Giant sliding glass doors open up on to the venue mezzanine, allowing guests to freely move from the State Room out into the venue viewing area to enjoy a live event. This one-of-a-kind room is ideal for private receptions, VIP ticket upgrades and artist Meet & Greets.

Backstage Preparation Rooms

The primary Green Room is located backstage on the main level and is equipped with a shower, private bathroom and vanity. This room comfortably accommodates up to eight (8) performers and crew. A locking closet is provided in the primary Green Room. Also located on the main level immediately backstage is a secondary preparation room typically utilized by supporting acts. This room has a table and chairs and ample space for six (6) performers and crew. There is no lockable storage in this area. A luxury Changing Room can also be made available backstage on the mezzanine level on certain occasions. This upper-level preparation room features a private bathroom, full-length vanities, and comfortable space for up to 10 performers and crew. This room can be locked to secure artist belongings and can also be used for Meet & Greet engagements.

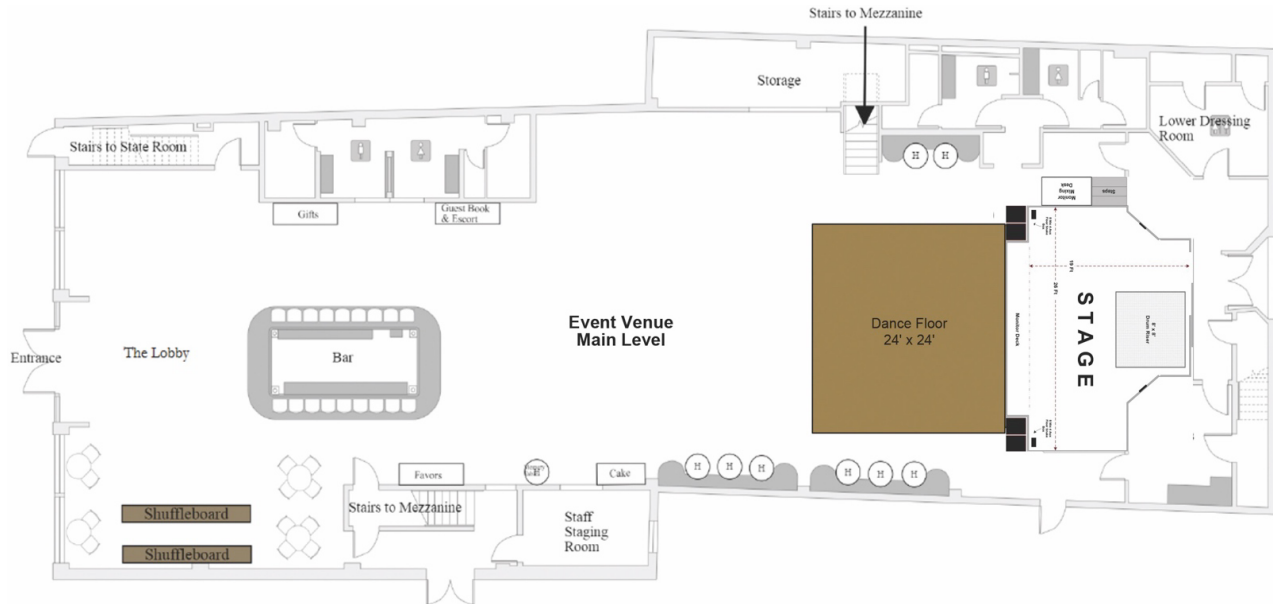

Venue Space Summary

The table below summarizes the different areas in the venue:

Space	Size (SF)	Configurations & Capacity	Comments
Entire Event Venue	7500	Existing (SRO): 600 Seated / Standing: 550 Seated Dining: 235 Theater: 250	Includes both main and mezzanine levels of The Buffalo Rose event venue, State Room, and all backstage areas. Highly configurable for seated and standing room events.
The State Room	900	Lounge Reception: 50 Seated Dining: 30 With attached mezzanine: 100 Reception / 50 Dining	Separate suite on 2 nd floor mezzanine level above Washington Ave. Private bar and bathrooms. Ideal for reserved VIP seating and artist Meet & Greets.
Primary Green Room	160	Backstage Preparation Room: 8	Secured private room backstage on the main level of the event venue for performer preparation and relaxation Private shower, bathroom and vanities. TV.
Secondary Preparation Space	100	Backstage Preparation Area: 6	Auxiliary backstage area provided for supporting acts.
Private Room	325	Luxury Upper-level Preparation Room: 10	Private room on 2 nd floor of mezzanine level next to stage. Bathroom, couches and TV.

Venue Configuration

The venue is comprised of a main street-level space and a second-floor mezzanine. The public venue entrance is at the street-level, with doors opening into a lobby. Guest check-in, ticket taking/sales and coat check can be set-up in the lobby area. The venue lobby features a lounge seating area to the north with a television monitor and bathrooms, and a lounge/gaming area to the south with a second television monitor. Monitors are set-up to stream live events from the stage. The main venue bar provides a transition from the entrance lobby to the primary event space, where the dance floor and stage are located. There are three fixed seating areas in the main event area and the open floor space can be configured for seating as dictated by the show.

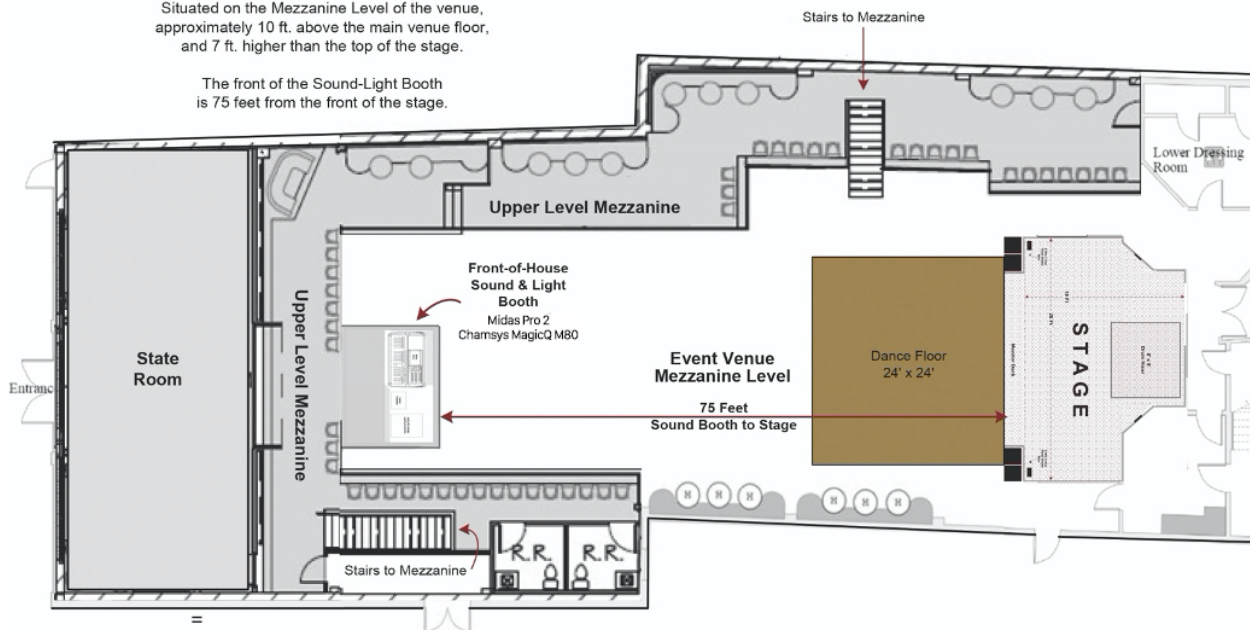

The second-floor mezzanine is accessible from two staircases on the main level and from a dedicated entrance on Washington Ave. The State Room is located at the west-end of the mezzanine level looking over Washington Ave. The sound and lighting control booth is situated directly in front of the State Room on the mezzanine level. There is rail seating along a portion of the west mezzanine as well as along the north side. There is fixed booth seating along the north wall of the mezzanine level. A private changing or reception room is also on the mezzanine at the northeast corner of the facility.

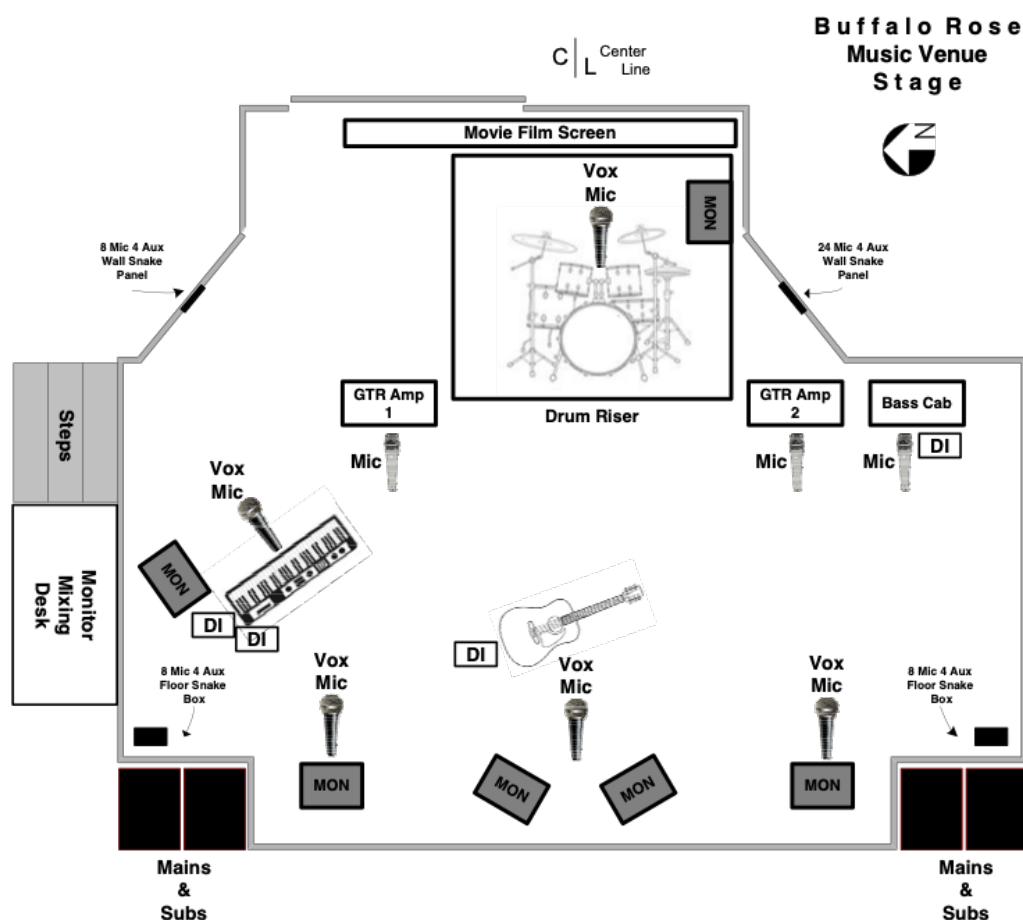

The Buffalo Rose Front-of-House Sound and Light Booth:

Situated on the Mezzanine Level of the venue, approximately 10 ft. above the main venue floor, and 7 ft. higher than the top of the stage.

The front of the Sound-Light Booth is 75 feet from the front of the stage.
